Rhino-Pak Packaging & Filling Solutions PTY Ltd

Address: 193 Lamp Road, Wadeville, Germiston, Gauteng,
South Africa, 1422

Company Registration Number: 2017/082696/07

Vat Registration Number: 4640282945

Website: www.rhinopak.co.za

Email Address: sales@rhinopak.co.za

Contact Numbers: Land line: 0104436015

Sales: 0728687220

Sales: 0791079603

Sales: 0834420257

Automatic production line

Capsule counting capping labeling machine production line

4 Heads automatic sauce filling machine + automatic oil filling machine + automatic cans sealing machine

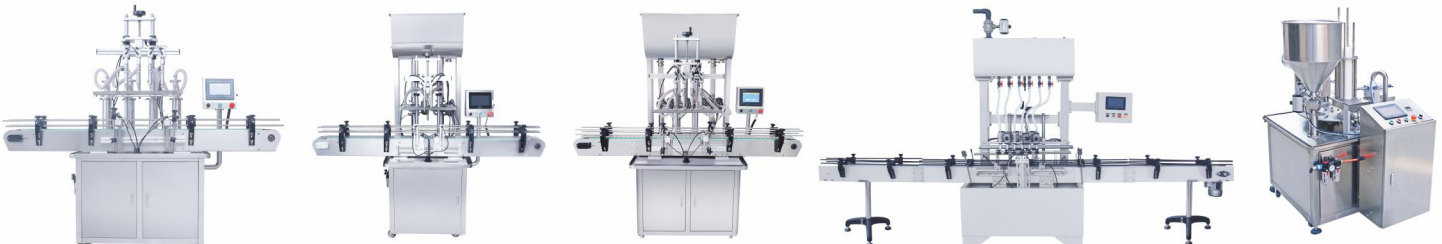

Bottle unscrambler + Automatic paste filling machine + Automatic capping machine with cap feeder + Automatic labeling machine

6 heads gravity-flowing filling machine + Automatic capping machine with cap feeder

23 PRO fully automatic linear (feeding) servo rotor pump filling machine

Fully automatic tablet capsule electronic counting machine with 8 channels

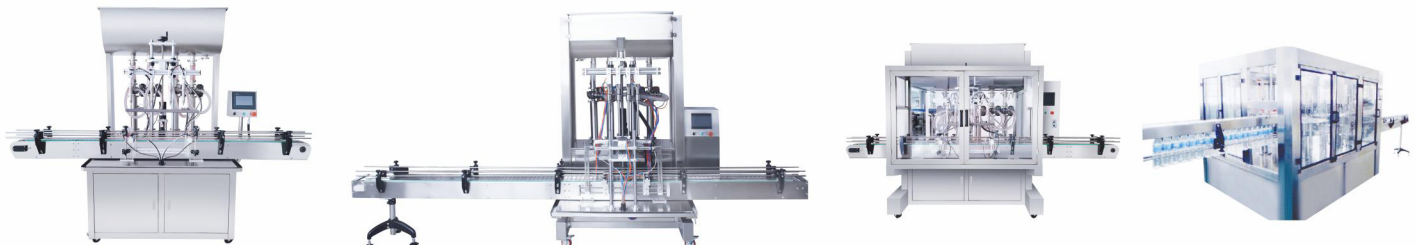

Linear liquid filling machine

Double-heads paste filling machine

Linear 4-heads paste filling machine

Corrosion resistant 6-heads filling machine

Automatic rotary filling and sealing machine

Linear 4-heads servo filling machine (simple)

Four-heads servo filling machine

Linear 6-heads servo filling machine

Washing filling capping machine 3 in 1

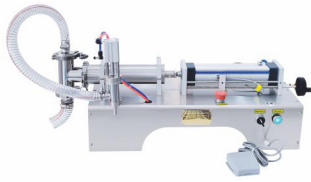

Horizontal premade bag packaging machine

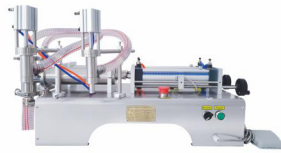

Rotary premade bag packaging machine

3-in-1 filling and capping machine

Automatic rotary filling capping machine

G1WY One head liquid filling machine

G2WY Double heads liquid filling machine

G1WG One head paste filling machine

G2WG Double heads paste filling machine

Floor standing double heads liquid filling machine

Floor standing single head paste filling machine

A03 manual filling machine

A03 manual filling machine

A02 Pneumatic filling machine

GFA series pneumatic paste&liquid filling machine

Vertical pneumatic rotary valve filling machine

1000ml Vertical pneumatic double heads liquid filling machine

Floor standing stepper filling machine

New Electric cnc liquid filling machine

Filling machine (single head)

Electric cnc liquid filling machine

Single-head peristaltic pump filling machine

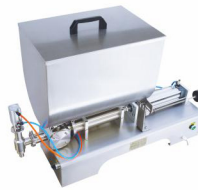

1700 Double heads high capacity liquid filling machine

12 Heads corrosive liquid filling machine

U-type sauce filling machine with mixer

Paste filling machine

6-heads paste filling machine

Paste filling machine

Self standing bag filling capping machine

2023 PRO Desktop servo gear pump filling machine

Rotary pump filling machine

Automatic desktop liquid filling machine (four heads)

Automatic desktop paste filling machine (4 heads)

Automatic desktop liquid filling machine (simple)

Single head paste filling machine with heater and mixer

Filling machine matching

Pressurized hopper

Mixing hopper

30 liter mixing hopper

Heating mixing hopper

Heating hopper

Desktop powder filling machine

Desktop powder filling machine

Small Powder filling machine

Semi automatic powder filling machine

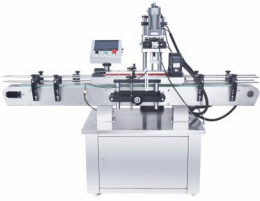

Automatic powder filling machine

Automatic feeding machine

Automatic powder filling machine

Liner automatic screw capping machine

Automatic cap feeder+ screw capping machine

6 wheels capping machine

Linear capping machine

Rotary cap feeder+ capping machine

Handheld electric capping machine

Pliers sealing machine

Desktop electric capping machine

Desktop capping machine

Self sizing bag filling and capping machine

Manual crimping machine

Pneumatic perfume crimping machine

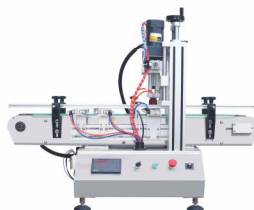

Oral locking machine

Type metal locking machine for foods

Desktop screw capping machine A

Desktop screw capping machine B

Desktop vacuum capping machine

Glass jar vacuum capping machine(4 bottles)

Automatic capping vacuum glass bottle sealing machine

Linear vacuum capping machine (single head)

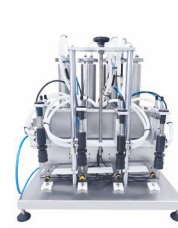

Cap elevator

Automatic press capping machine

Single head perfume filling machine

Desktop perfume filling machine/4 heads

Six-head liquid level vacuum filling machine

Microcomputer perfume filling machine (four heads)

Heating and stirring lipstick filling machine

Corrosion-resistant material filling machine

Negative ion air bottle washing machine

Micro computer liquid filling machine

Desktop rotary labeling machine

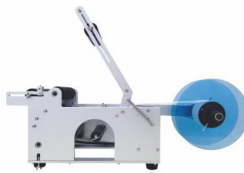

Desktop double-sided labeling machine

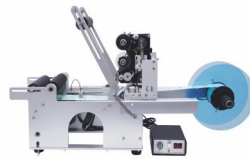

Desktop horizontal round bottle labeling machine

Manual labeling machine

Round bottle labeling machine

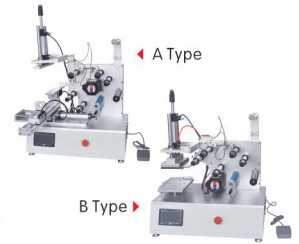

Round bottle labeling machine + date printer

New round bottle labeling machine

Flat surface labeling machine

A Type

B Type

Flat surface labeling machine

Round bottle labeling machine

Electrical round bottle labeling machine

Pneumatic round bottle labeling machine

Automatic desktop round bottle positioning labeling machine

Desktop round bottle labeling machine

Desktop flat surface labeling machine

One line automatic labeling machine

Automatic vertical labeling machine

Automatic vertical labeling machine

Automatic flat surface labeling machine

Automatic vertical round bottle positioning labeling machine

Automatic horizontal labeling machine for small round vials

Automatic double-sided labeling machine

Semi automatic double-sided labeling machine

Rotary labeling machine

Automatic paging & labeling machine

Hot melt adhesive labeling machine

2000 Steam shrink wrapping tunnel

2000 Electric heating shrink wrapping tunnel

Automatic filling and sealing machine

Instant noodles sealing machine (pieces/film)

Semi-auto tray sealing machine (Roll film)

Irregular shape tray sealing machine

Automatic bottle/barrel aluminum foil sealing machine

Honey cup filling and sealing machine

Yogurt and jelly cup filling and sealing machine (two filling station to fill different liquid)

Rotary cup filling and sealing machine

Rotary type cup-filling & sealing machine

Automatic continuous film sealing machine

Automatic continuous film sealing machine

Automatic continuous film sealing machine

Horizontal film sealing machine

Horizontal ink wheel printing and sealing machine

Inkjet printing sealing machine

Inflatable sealing machine

Vertical ink wheel printing and sealing machine

Continuous sealing machine

1080 Continuous inflation suction sealing machine

Cling film wrapping machine

Hand sealing machine

400-1000 Pass type pedalsealing machine

Aluminum frame foot sealing machine (can be equipped with ribbon printer)

Desktop aluminum frame sealing machine

Continuous electromagnetic induction sealing machine

Electromagnetic induction aluminum foil sealing machine

Handheld induction sealing machine

Handheld induction sealing machine

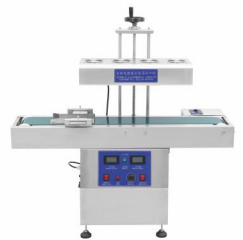

Continuous induction sealing machine

Continuous induction sealing machine

Automatic electromagnetic induction aluminum foil sealing machine

Automatic electromagnetic induction aluminum foil sealing machine

External vacuum sealing machine

Vertical external vacuum sealing machine

Table-style vacuum packaging machine

Single chamber vacuum packaging machine

Double chamber vacuum packaging machine

Rolling vacuum packaging machine

Friction type paging machine

Conveyor

Automatic folding machine

Handheld inkjet printer

Online inkjet printer

Laser coding machine

Co2/ Fiber laser printer

Desktop electric seamer (double motor)

Semi automatic strapping machine series

Automatic strapping machine

Up and down driving tape sealing machine

Left-right and top driving sealing machine

Sealing machine (With baler)

Pneumatic folding machine

Pneumatic folding machine (with baler control box)

Sealing machine + H8001 side sealing machine

Unpacking machine

Heat shrink packaging machine

Heat shrink packaging machine

Jet heat shrinking machine

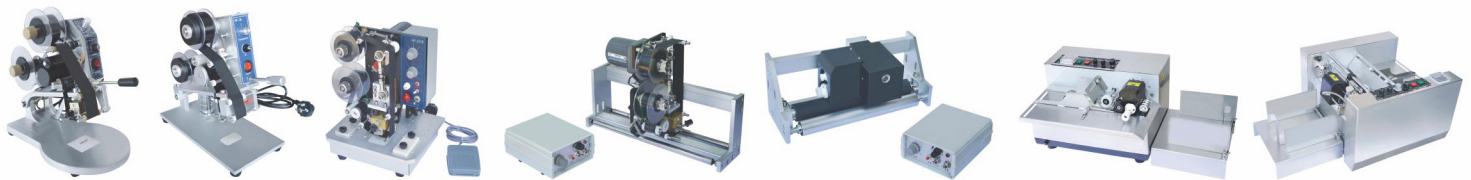

DFQA450 Semi-Auto L Sealer & DSA4525 Shrink Tunnel

Automatic L sealer+ Hot air circulation shrink machine

Automatic side sealer+ Hot air circulation shrink machine

Sleeve type film sealing and cutting packing machine

Automatic sleeve type film sealing and cutting packing machine

Ribbon hot printing machine

Ribbon hot printing machine

Ribbon hot printing machine

Synchronous tracking ribbon printer

Synchronous tracking solid-ink coding machine

Solid-ink coding machine

Stamp or solid-ink coding machine

Can sealing machine

Double heads can sealing machine

Intelligent can sealing machine

Semi-automatic can sealing machine

2020 automatic high-speed can sealing machine

Desktop bottle sorting machine

Bottle unscrambler

Bottle collecting platform

Automatic bottle sorting machine

Cartoning machine

99g/200g/500g Dosing machine

50g/200g Tea dosing machine

Three heads 200g dosing machine

999g/3000g/5000g Dosing machine

C20 Chips dosing machine

Double heads 3000g dosing machine

Granular filling machine with elevator

Automatic 200g packing machine

Automatic double heads 200g packing machine

Automatic 999g packing machine

Automatic paste packing machine

Liquid three sided sealing packing machine

Automatic sachet granular packing machine back sealing(50-500gram)

Automatic powder packing machine 3 side sealing 5-50gram

KPL-320YS Automatic paste packing machine

Vertical colloid mill machine

Split colloid mill machine

Volumetric cup filling machine for/granule

Automatic liquid packaging machine

Automatic packing machine for powder/granule(100-1000gram)

2.5-liter 10-hopper combination weigher

Automatic granular packing machine

Automatic powder packing machine

Automatic paste/liquid filling machine

Automatic single volumetric packing machine for granule

Horizontal type pre-made bag packing machine for Liquid/Paste

Horizontal type pre-made bag packing machine for granular

Horizontal type pre-made bag packing machine for powder

Rotary up-paper pillow packing machine

Rotary down-paper pillow packing machine

3 servo flow packing machine

Pillow candy packaging machine

Desktop linear ultrasonic tail sealing machine

Vertical linear ultrasonic tail sealing machine

Tube sealing machine

Rotary tube filling and sealing machine

Ultrasonic tube sealing machine

Tube filling sealing machine

Automatic tube filling sealing machine
